LANDCARE SJ
Serpentine - Jarrahdale

ANNUAL REPORT

2022-2023

LandcareSJ Inc. recognise the Binjareb people as the Traditional Custodians of the Land on which we meet and work. We pay our respects to all Elders past, present and emerging.

Message from our Chair

The 2022-2023 financial year has undoubtedly seen more changes than any other year since I have been Chair. We welcomed two new staff members, Executive Officer Steve McCabe and NRM Officer Matthew Read. We bid a sad farewell to Francis Smit who as EO for 17 years passionately steered Landcare SJ to being a recognised name in conservation and community support. His legacy will live on through the Cockatube program and R U OK? Day. Jo Garvey also moved into a new direction, and we wish both of them well for the future and thank them for their contributions.

The major achievement this year was securing 5 years of financial funding from the Shire of Serpentine Jarrahdale, our major sponsor. I am grateful to Peter Jacobs for his endeavours on behalf of the Board to complete the negotiations.
Landcare SJ is now working with the Shire of SJ to plan for a more sustainable environment in our region. This is important as our growing population requires infrastructure development which will lead to a reduction of canopy cover.

Highlights of this year include:

This year we again distributed our Cockatubes, specially designed and modified for the benefit of endangered Black Cockatoos, to environmental organisations across Australia.

Collaborative programs such as the Gooralong Brook Community Stewardship project, Restoration of Soldiers Road and Keep Carnaby's Flying are seeing great results and show what volunteer power can achieve.

Our staff provide educational events to the broader community through the SJ Shire of Free Verge Plants program and planting events.

This year we have three stalwarts of the organisation stepping down from the Board. Neil Kentish, Alan Elliott and Nancy Scade have contributed to Landcare SJ in so many ways for over 20 years. They have been innovators of programs, drivers of change in the region, educators, developers of enterprises that enable Landcare SJ to support community programs and have generously given so much of their time and hard work. Landcare SJ is indebted to them and hopes that their involvement continues for many years.

What's ahead:

Landcare SJ has a role in helping SJ Shire to secure and improve green canopy. We can also support existing landholders to secure and optimise their properties through programs such as Healthy Habitats.

We intend to develop a Pathway to Landcare program for young people to grow environmentally aware adults for the future.

I would like to thank the Shires of Serpentine Jarrahdale and Murray for their continued sponsorship.

I would like to extend my gratitude to the Board, Management Committee, staff, and all volunteers who make everything possible.

Jane Brown October 2023

Our Vision

To provide the means for the community to care for the land today in a way that will leave it better for tomorrow.

Our Mission

To provide leadership access, initiate and integrate the resources to enable community groups and individuals to manage the land, water and vegetation in a sustainable manner in partnership with government and other agencies

Our Values

Our decisions, services and allocation of resources will be guided according to the following values: People are at the heart of all community matters and they are critical to our success. Respecting people, improving the quality of living, appreciating and supporting cultural difference and being good stewards of the land, air, water, flora and fauna.

Restoration of Gooralong Brook, Jarrahdale (Stage 2) $34,859 State NRM Program Landcare SJ	Restoration of Gooralong Brook in Jarrahdale. Woody weed removal is a major part of this project. These weeds are being removed and replaced with species native to valleys of the Jarrah Forest. The result will be a 1.2km riparian corridor built by community through restoration activities within the heritage park owned by the National Trust.
Keep Carnaby's Flying Ngoolarks Forever Shire of Serpentine, Jarrahdale $15,000 Lotterywest Murdoch University	Multi stakeholder collaboration including Murdoch University, Curtin University, Birdlife WA, PHCC, Winjan, Perth NRM, SERCUL, Urban Bushland Council, Kaarakin, Perth Zoo, Ngangk Yira Insititute of Change, LGA'S and Landcare SJ. Project focus on revegetation of Black Cockatoo forage species and installation of BC water feeders across multiple LGA'S over three years. Serpentine Jarrahdale LGA was amongst first to be serviced during this funding.
Jeegarnyeejip Island $10,400 PHCC & Shire of Murray	Jeegarnyeejip Island is a Class A Nature Reserve situated in the Delta Islands of the Murray River, where the river meets the Peel Inlet. Actions: • Revegetation works (~3ha), incuding site preparation and installation of 3,400 seedlings (with existing guards).
Equine Workshops $1,500 Peel Harvey Catchment Council Landcare SJ	Held 2 equine workshops, one in the Shire of SJ and one in the Shire of Murray, to provide information on Equine property management.
National Tree Day $4,145.90 Bendigo Community Bank	Mandejal Reserve, Whitby. Site preparation, weed control, seedlings, catering, tree guards.
Cardup Bushland $22,956 State NRM Program Landcare SJ	Protect and Enhance Threatened Ecological Communities in Cardup Nature Reserve - Dieback Mapping and control.
Nestbox Enterprise Project $67,783.58	Provision of Cockatubes and other nestboxes for Native Wildlife (possums, pardalotes & bats).
